

LSC 2017

A SPECIAL SYLLABUS AT ISEL
UNIVERSITÉ DU HAVRE, FRANCE

ISEL (*Institut Supérieur d'Etudes Logistiques*) offers a special syllabus in English taught by experienced teachers and designed for foreign students (3 years of further studies) wishing to spend a spring semester (March to June) in our Graduate School of Logistics in Le Havre, Normandy.

1

All topics are taught in English.

30 CREDITS minimum

For student hoping to achieve 30 ECTS (or more) in order to validate his/her semester (according to the European scheme). **IMPORTANT:** in order to work in good conditions, the number of students is limited up to 15 students. The syllabus opens if a minimum of 5 students apply to it.

2017 session will start on March 1st (integration week) and end on June 29th
Accommodation and practical info: see last page ('Useful info').

Logistics and SC oriented

The added value of this syllabus is the focus on particular Logistics and Supply Chain theme. Some classes will be given by professionals with whom ISEL has had special links for years, and by foreign lecturers from our partners around the world.

Futhermore, **2017 session includes a strong cultural module.**

Application rules and forms (available on ISEL website <http://www.isel-logistique.fr>)

A tuition waiver will be granted, under conditions, to the students from universities or schools we have a bilateral agreement with ("EXCHANGE STUDENTS").

In such a case, their parent university must officially nominate the exchange students.

For students from universities for which no signed agreement exists ("DIRECT ENTRY STUDENTS"), tuition fees are to be paid.

2017 APPLICATION DEADLINE: December 15th 2016

Application material first by email to

Nicolas Barubé – Associate Dean

international.isel@univ-lehavre.fr

NEW CULTURAL FIELD TRIPS included ! LIMITED NUMBER OF PLACES

See Document "Field Trips"

Because we care

Settling in

The « Tutor » system: because coming to a foreign country can be both exciting and a little bit difficult!

In order to get some **practical help** and get to know student life, each international student will receive help from a « **Tuteur** ». This fellow student from ISEL will be his/her guide especially in the very first weeks of the stay (opening a bank account, for instance) but also before.

Once officially enrolled (see application deadline) in the international program "LSC @ ISEL 2017", international students will be in touch with their « tuteurs » so they can start knowing each other.

2

The ISEL survival kit (optional... but strongly advised !)

A message from the **ISEL Bureau of Students (BDE)** :

"Dear fellow students, in addition to the « tuteur » system, at our student union (Bureau of Students, BDE), our goal is to make sure you'll feel good among us.

Because student life is important!

Therefore, the BDE has decided that its membership is free to all the international students of the program, including a cheaper price for all the activities we organize (parties, laser game, ...) and the access to the « K'fet » (ISEL's cafeteria).

The "survival-kit" option

Each year, as these items are not generally included in your accommodation, we offer to the foreign students a helpful hand with a pack that contains:

- kitchen tools
- cooking tools
- etc.

Because practical stuff means a lot!

Good to know: this is a rental kit that costs 15€ for the whole length of your stay, plus a deposit.*

Easy: you get this kit at your arrival and return it at your departure.

Never hesitate to come and see us in the « K'fet », we are here to help.

See you soon ! "

**(2013 prices, to be updated)*

WELCOME, BIENVENUS TO ISEL !
